# Anniversary of the New York City Tract

The twenty-eighth anaiversary of the New York City Tract Society, and the thirty second of the female branch, was held last night in the Dutch Reformed Church, Lafayette place. There was, as usual on former occasions, a large attendance, and the greatest interest was manifested in the proceedings. The President, Rev. Thomas De Witt, took the chair at a quarter past seven, after which there was music by the choir.

After prayer by the President, Mr. William Walker read the Treasurer's report, from which it appears that the receipts for the past year amounted to \$17,774 04, expenses to \$17,719 18, leaving a balance of \$54 86 in the treasury. The annual report of the Female Branch was next read by the Rev. R. S. Cook, from

so in the treasury. The annual report of the Female Branch was next read by the Rev. R. S. Cook, from which we learn that the receipts during the past year amounted to \$2,012 48, all of which has been paid to the American Tract Society.

At the conclusion of the foregoing, Rev. Isaac Orchard ead the annual report of the City Tract Society, which ras adopted. The following is a synopsis of it:—28 missionaries, with, on an average, 1,104 visiters, distributed 1,359,403 tracts in various languages, containing 1,709,333 pages; supplied the necessitous, on behalf of he New York Bible Society with 1,067 Bibles and 1,233 lestaments; lent from ward libraries 6,081 volumes; athered 1,985 children into Subbath, and 342 into public schools, and 203 persons into Bible classes; induced 1,570 persons to attend church; obtained 449 temperance pleiges; held 1,254 district prayer meetings; 45 backsliders have been reclaimed; 134 persons hopefully converted; and 105 converts united with evangelical churches. But in the twenty years that such results have been recorded, the total numbers reported have been as follows:—19,326,446 tracts distributed; 25,539 Bibles, and 30,169 Textaments supplied; 88,726 volumes lent; 48,467 children gathered into Sabbath, and 7,827 into public schools, and 3,901 persons into Bible classes; 5,269 persons induced to attend church; 23,720 temper since pledges obtained; 31,688 district prayer meetings held; 696 backshiders reclaimed; 5,082 persons hopefully converted, and 3,375 converts united with evangelical churches.

held: 696 backshiders reclaimed; 5,082 persons hopefully converted, and 3,375 converts united with evangelical churches.

The twenty-eight missionaries now engaged, says the report, are nineteen ward missionaries and three assistants, one missionary and an assistant for German residents, one for seamen, two for immigrants and one for Jows. This is the first year that the society has sustained a missionary for the Jews. Regarding themselves as the chosen of God, that people suppose Gentiles to be incapable of giving them religious instruction. From Infancy they have been taught to regard Jesus of Nazareth as an impostor, and that rejecting him, and watching against Christian influence with the utmost jealousy, were religious acts well pleasing to God. Besides this, a large proportion of the 23,000 Jews in our city came from Bohemia or Bavaria, where papal idolarry abounds; and this they have mistaken for Christianity. The Jewsish field, consequently, cannot be cultivated, or even entered, without encountering great and peculiar difficulties, such as would be insurmountable were it not for the encouragement afforded by the word of God. The person we have appointed to this work is a converted Jew, acquainted with Jewish prejudices, and familiar with Jewish arguments. These he has examined in the light of Divine Revelation, and having clearly seen that Jesus was the Messiah, he has embraced him as all his salvation and all his desire, and now goes amongst the people of his own nation with advantages that Gentlies do not possess, and tells them of the things he has tasted and handled of the word of life.

Rev. Mr. Gillarris came forward at the conclusion of the above report, and addressed the meeting. He spoke of the great benefits which the poor derived from the reading of tracts, and the great good which was conferred upon the whole community by the reading of them. This was to be seen in the increased number of communicants who had been added to the church, and in the large field over which the operations of the

A collection was taken up when Mr. Reid concluded, after which Rev. Dr. R. S. Storrs made a few remarks. The doxology was chanted by the choir and congregation, the benediction pronounced by the President, and the meeting adjourned.

Commissioners of Emigration.

The Board met yesterday, at 4 o'clock, P. M., in their rooms, No. 76 Franklin street, Commissioner Verplanck in the chair. Present, Messrs. Carrigan, Kelly, Witt-haus, Dunlap and Kennedy. The total number of inmates now in the institutions under charge of the board, is 3,049, an excess of three hundred over last year.

The total receipts of the board, up to Dec.

THE SAVINGS BANKS.—We are supposed to have east a effection on the safety of some savings bank institutions, in our article in yesterday's paper relative to the menetary panic and the run upon the banks, by naming the Bowery, Chambers street and Seamen's as secure the Bowery. Chambers street and Seamen's as secure and reliable institutions, while we neglected to say whether the Manhattan, Merchants' Clerks, Greenwich and Emigrant banks were secure or not. Now, in justice to the stability of the latter banks, we must say that nothing has yet been discovered in their management to create any apprehension on the part of depositors as to their character for prompt payments. Persons afraid of payment being stopped at any of these banks will be depriving themselves of half a year's interest by drawing their money before the first of January next, when the directors are compelled by law to furnish a statement of their affairs to the Legislature.

The New Citt Hall—What the Committee Dim.—In accordance with the notice sublished in the morning as

cordance with the notice published in the morning papers, the special committee appointed by the Board of Aidermen to receive and examine all plans for a new Aldermen to receive and examine all plans for a new City Hall, met in the chamber of the Board yesterday at twelve o'clock, and after waiting about half an hour without receiving any, they did the next best thing under the circumstances—adjourned. Copies of two of the plans already received were lying on the desks, but these have been already fully described. When the next meeting of the committee will be held we are unable to say, but we presume due notice of it will be published. It is to be hoped they will be more successful in their next attempt—that is, if their minds are not already made up on the subject.

There was a large attend ance, and much feeling was expressed as to the course ance, and much feeling was expressed as to the course pursued by the owners of the steamships in reducing the wages of the operatives. A committee was appointed to make preparations for holding another meeting, which will be held to-night. We understand that considerable excitement still exists in relation to this strike, and that at the departure of every steamer a posse of police is in attendance to preserve order. The star of the West shipped a crew at the reduced rates, and when she was leaving the dock on Tuesday a large number of the discontented workmen assembled, and were it not for the presence of a large police force, violence might have been attempted. The steamers now leaving port, as a general thing, are shipping green hands.

A Case for the Missionary Societies.—A deaf and dumb man, the Rev. Dr. Norman, D. D., a prescher of the gospel, for some years, in the Protestant mission fields of Europe, Asia and Africa, having been deprived of his faculties of hearing and speech by a violent fever in Texas, now finds himself in this city in a totally destitute condition. Ignorant of this unfortunate man's previous history ourselves, we call the attention of the Protestant missionary societies to his melancholy situation. They probably, or some of them, are aware of the extent of his merits, and certainly have the means for his relief. Inquire at 347 Broadway, for Dr. Norman.

Work for the City Inspector.—Hamersley street, from Greenwich to Hudson, since the construction of a sewer, has been left in a wretched condition for the last three or four weeks, and is likely to remain so during the whole winter unless the Street Inspector or Contractor attends to it before we are visited with a snow storm. The state things are now in makes it impossible to free the gutters, as the law directs, on account of the dirt and stones which have been suffered to remain there.

Ren Over by an Eighth Avenue Care—Markow Escape.—Mr. Theodore Hammond, while crossing the track of the Eighth Avenue Railroad slipped and fell, and was run over by car No. 32, which was coming up at the time. THE HARD TIMES AND THE LAWYERS.—The old adage that "it's an ill wind that blows nobody good." is exemplified in the effect the present monetary embarrassment has on the lawyers. These gentlemen are as busy as bees, and they crowd the courts full of bustle and importance. We are informed that the clerks in the valous courts were never so hurried as at present. They

Police Intelligence

A man named Michael Hawkins, was arrested by Sergeant Sandford and officer Connor, of the Twenty-first geant Sandford and officer Connor, of the Twenty-first ward police, charged with having passed a counterfeit five dollar bill on the Farmers' and Mechanics' Bank, of Easton, Pennsylvania, It appears that the prisoner went into the dry goods store of John Hill, in Second avenue, near Thirty-first street, and making a small purchase, offered the counterfeit in exchange for the goods. Mr. Hill suspecting the bill to have been a counterfeit, sent out for the police and had Hawkins arrested. On being taken to the station house and being searched, \$53 in good money was found concaled in the lining of his coat. Another of these counterfeits had been also passed upon a German man in this ward, named Bulling. Hawkins was brought before Justice Clark, yesterday morning, at the Jefferson market police court, where, on being questioned relative to the charge imputed to him, he pleaded poverty as an excuse for the crime, although \$53 was found on his person. The complaint states that some months ago the accused became acquainted with this woman, and under solemn promises of marriage induced her to stray from the paths of virtue and innocence. The accused, it is stated, is a married man, and has a wife and family at Buffalo, in this State. The whole case, however, loois very improbable. The prisoner was conveyed yesterday afternoon before Justice Bogart, who committed him to the Tombs for examination. It is said that one of that pettifogging class of lawyers who frequent the Tombs managed to obtain \$100 from Gotz by promising to have him liberated immediately on his being brought before the magistrate. Instead, however, of the accused being liberated as he expected when he parted with his money, he was consigned to a cell in the Tombs.

IMPORTANT TO GOVERNMENT DEFAULTERS, Dig. 13.—The United States v. James Monroe and Others.—This is an action to recover balance due the United States by defendant Monroe, as an Assistant Paymaster. The suit was commenced in 1833, and Mr. Lorenso Hoyt now appeared for the defendant and moved to postpone the trial until next term, on the grounds that his client was out of town, and that he was not prepared to try the cause. Mr. Joachimssen, for the government, opposed the motion. He said that this case with several others had been on the calendar and undisposed of for several years. That it appeared that the suit was commenced in 1833, to recover public moneys a ivanced by the government to a disbursing officer, and a balance of about \$4,000 has remained unaccounted for upwards of twenty-one years, nearly trebling the original amount with accumulations of interests, The account had, at the defendants request, been several times stated at the treasury, and all with a like result, of a large balance against him. Mr. J. supposed that certainly there had been sufficient time to enable the client without counsel, and the counsel, was put over to this day. The counsel felt authorized to say that the administration was determined to bring all cases against defaulters to the government for public moneys to a speedy trial, and to have the laws enforced.

Judge Hall said he could not let the case go over for the term. It should be tried on the 26th inst.

Mr. Kreeny proved that his back window had been broken open and the articles taken away. He also found a letter in his yard directed to Samuel H. Keats, one of the prisoners. Some of the stolen property was found in the possession of the prisoners. Verdict of guilty against both. Sentenced to two years in the State prison.

Higgal Voting.—John McClabe was indicted for attempting to vote in the Fourth District, Twonty first ward, at the last general election, not being a citizen of the Unite's States at the time. There was not sufficient evidence to make out the case, and it was abandoned by the prosecution. Verdict of not guilty.

Arrest on a Bench Warrant for Fugary.—Officer Spicer, of the Court of Sessions, arrested, on a bench warrant, at Stockport, Columbia county, New York, William R. Goulding, formerly of this city, on an indictment for forgery in the third degree, as, is alleged, in forging the endorsement of T. H. Walsh & Co. to a check on the American Exchange Bank, payable to the order of said firm, for the sum of \$300, signed by Schieffelin Brothers & Co., dated June 12, 1864. The accused was arrested at the time, on a complaint made before the Police Justice, and gave bail for his appearance at the Court of Sessions. An indictment having been found this term, he was called, but failed to appear—hence his arrest on the bench warrant.

# Williamsburg City News.

Extensive Forgery.—Quite an extensive forgery was recently perpetrated upon the Mechanics' Bank of Williamsburg, being a check for \$800, signed "John W. Braisted," who is collector of taxes and assessments. The forgery was detected by Mr. Braisted in settling up his bank account.

THE NEW CONTRACT OF THE GAS COMPANY .- A large meeting of some of the most respectable citizens of Wil-liamsburg, was held last evening in the Savings Bank liamsburg, was held last evening in the Savings Bank building, to take into consideration the recent action of the Common Council, notwithstanding the veto of the the Mayor, granting to the Williamsburg Gas Light Company a new contract for ten years, which is considered unjust and opprossive upon the residents of the city. Mr. Edmund Driggs was chosen chairman. The veto of the Mayor in regard to the new contract, was read and approved.

Mr. Edmund Driggs was chosen chairman. The veto of the Mayor in regard to the new contract, was read and approved.

A committee, consisting of Messrs. Horace Thayer, Dr. Issaeson, and Densis Strong, was appointed, and submitted a preamble acd resolutions, setting forth objections to the new contract which was passed by the Common Council over the veto of the Mayor.

Mr. Driggs called the attention of the meeting to several points in the contract, which will give the company a decided advantage over consumers.

The final result was to appoint an executive and finance committee to take steps towards procuring an injunction upon the contract in question, in order to prevent its consummation without important alterations in favor of the gas consumers.

INQUEST.—Coroner Hanford held an inquest on Tuesday on the body of Maria Gasien, at a house corner of First and North Twelfth streets, whose death was caused by burns received the day previous. A verdict of accidental death was rendered. Beceased was a married woman, about twenty-eight years of age.

The landlords are becoming uneasy. At present, there are about two hundred and fifty bills "To let" tacked on untenanted houses in Williamsburg. Already the landlords are becoming inclined to allow their tenants to remain without an increase of prices.

GAMBIERS ARRESTED.—Mr. Fenn, Chief of Police, J. Farley, captain of the watch, and John Van Pelt, made a descent on Tuesday night upon a gambling house in Newark avenue, between Warren and Henderson streets, and arrested a Frenchman named Darrow, the proprieand arrested a Frenchman named Darrow, the proprietor, and two or three citizens who were present. The keeper of the place was held in bonds in the sum of \$200 for his appearance for trial if indicted, and the citizens were held in their own recognizances to appear as witnesses. They were brought to light through the courage of a woman, who, having followed her husband there the previous evening, appeared before the Recorder and made an affidavit, on which the warrant was issued.

ROBERIER.—While a fantastical military company was passing through Jersey City on Monday, and during the brief period in which the attention of shopkeepers was engrossed by the passing novelty, a number of money tills were robbed of sums varying from \$100 downward. It was apparently a premeditated system of robbery. The thieves escaped.

BENEFIT OF THE FIRE DEPARTMENT FUND.—The prepara-tions for the benefit, on Thursday evening, of the Fire Department Fund of Jersey City, are all complete, and the prospects are that it will be a humorous and other-wise pleasing entertainment. The affair will come off at Commercial Hall.
